EARN AN ADVANCED DREGREE FROM CAPITOL

*Take advantage of this special partnership between Capitol
Technology University and WSEI!*

Why

CAPITOL TECH?

UNIQUE LEARNING OPPORTUNITIES

Capitol's faculty are working professionals in the field – subject matter experts who apply their knowledge on a daily basis and are up to speed on emerging developments. Capitol has long been recognized as a Center of Excellence in cybersecurity education by the DHS and NSA.

PROFESSIONAL EDUCATION

We work with industry leaders to tailor our programs for hiring success. Capitol is one of only 2 institutions authorized to provide cybersecurity training to participants in the NSA's Security Engineering Enrichment and Development (SEED) program.

What

MAKES US UNIQUE?

founded in **1927**

Capitol Radio Engineering Institute was founded by Eugene H. Rietzke, a radio operator and Navy veteran, who foresaw the need for an advanced school that could produce talented radio and electronics technicians.
